

## **Dream Team : Justin Sedgmen**

*My name is Justin Sedgmen. I race junior speedway in Australia. I am a good friend of Leigh Adams. My brother Ryan is Australian u/16 champion.*

### **Jason Crump**

The two times world champion. He's at number one because of his want to win. Jason if he is last will never stop trying until he gets to that number 1 spot. I was talking to his gran pa in Australia, he said Jason will always keep wining because he has got a gift. When Jason gets on to a speedway bike, he changes. He goes from Jasson Crump to world Champion. The only thing that will stop Jason Crump from wining will be his bikes.

### **Jason Lyons**

Mr Mildura. That's what they call Jason Lyons when he rides around Olympic Park. If there was a world Final around Mildura he would make the final for sure. He has got un-real talent.

### **Phil Crump**

Sir Phil Crump, what a freak! Jason Crump is what he is because of this man. The 4 times Australian champion. My Dad told me he is the only person to ride around Mildura with the handle bars over the fence. Tony Rickardsson was not the first person to ride the fence. It got a bit tight so Crumpy said I'll just go on the fence.

### **Mark Lemon**

This guy is more than a freak. you never know with Lemo, he can go out and beat Leigh Adams and Jason Crump, or he could do really bad. But he is a really good team man and he will never stop trying for the team.

### **Leigh Adams**

This guy can ride anywhere, any time and win. He rides around Mildura with the handle bars touching the ground. Same as Jason Lyons, if there was a world fial at Mildura he would be World Champion. There is no-one in the world that would want a world title more than leigh. You just wait, I think 2007 is the year of Leigh Adams - I can feel it. The 9 times Aussie champion will be world Champion in 2007 - 4 sure!

### **Travie McGowan**

Travis, This guy in a few years will come out and show us all what he is made of. Trav can go out and bet anyone if he puts his head to the job in hand.

## **Cory Gathercole**

This kid is fresh from Mildura Junior track and in a few years I think will see him with the World Championship in his hand - you just wait and see.
